--

The Teaching Excellence and Achievement (TEA) Program will provide approximately 154 secondary school teachers from East Asia and the Pacific, Europe and Eurasia, the Near East, South and Central Asia, Sub-Saharan Africa, and the Western Hemisphere with a unique opportunity to develop greater expertise in their subject areas, enhance their teaching skills, and increase their knowledge about the United States. The TEA Program is a six-week non-degree, non-credit academic program at a U.S. university. The international participants will travel to the United States for one of two six-week professional development programs in either spring of 2018 or fall of 2018. TEA provides academic seminars on teaching methodologies and strategies, curriculum development, lesson planning, and instructional technology training. Intensive English language instruction will be offered to teachers who need additional practice. The program will also include a practicum of at least 40 hours with a U.S. partner teacher in a U.S. secondary school near the host university to actively engage participants in the U.S. classroom environment. Cultural enrichment, mentoring, and support will be provided to participants throughout the program.

After returning home, teachers who successfully complete the program will be eligible to compete for small grant awards for essential teaching materials, follow-on training for other teachers, collaborative projects between participating American schools and their home schools, and other activities that build on the exchange experience.
